

Invisible Wounds of War

Psychological and Cognitive Injuries,
Their Consequences, and Services to Assist Recovery

TERRI TANELIAN AND LISA H. JAYCOX, EDITORS

Sponsored by the California Community Foundation

Center for Military Health Policy Research

A JOINT ENDEAVOR OF RAND HEALTH AND THE
RAND NATIONAL SECURITY RESEARCH DIVISION

This work was funded by a grant from the Iraq Afghanistan Deployment Impact Fund, which is administered by the California Community Foundation. The study was conducted jointly under the auspices of the Center for Military Health Policy Research, a RAND Health center, and the Forces and Resources Policy Center of the National Security Research Division (NSRD).

4.3.	Rates of Trauma Exposure in OEF/OIF	97
4.4.	Overall Rates of Probable PTSD, Major Depression, and TBI with Co-Morbidity	97
4.5.	Correlates of Probable PTSD.....	99
4.6.	Correlates of Probable Major Depression	100
4.7.	Correlates of Probable TBI	102
4.8.	Utilization of Mental Health Services in the Past 12 Months Among Those with a Need for Services	103
4.9.	Barriers to Care Among Those with a Possible Need for Services	104
6.1.	Studies of the Cost of the Wars in Afghanistan and Iraq.....	173
6.2.	Remission Probabilities Following Three Months of Illness.....	180
6.3.	Data Sources for Cost Information.....	184
6.4.	Assumptions That Vary Across Model Scenarios	185
6.5.	Status Quo Cost Projections for 50,000 E-5s	189
6.6a.	Cost Projections with Alternative Treatment Assumptions, Cohort of 50,000 E-5s	192
6.6b.	Projected Savings Relative to Status Quo with Increased Treatment, Cohort of 50,000 E-5s	192
6.7.	Predicted Two-Year Costs per Case, E-5.....	193
6.8.	Predicted Two-Year Cost per Case, Alternative Personnel Types	196
6.9.	Status Quo Cost per Case	197

6.10.	Potential per-Case Cost Savings Relative to the Status Quo Associated with Increasing Treatment	198
6.11.	Approximate Societal Costs for All Servicemembers Returning in 2005.....	200
6.12.	Number of Deployment-Related TBI Cases.....	204
6.13.	Treatment for TBI and Associated per-Case Costs.....	205
6.14.	Mortality from Deployment-Related TBI and the Value of a Statistical Life ..	207
6.15.	Suicide Attempts, Fatal Attempts, Associated Medical Costs, and the Value of a Statistical Life	208
6.16.	Unemployment Rates Associated with TBI Injury	209
6.17.	Total and per-Case Costs of Deployment-Related TBI in 2005	211
6.18.	Total Cost of Deployment-Related TBI.....	213
6.B.1.	Evidence-Based Treatment for PTSD and Major Depression.....	224
6.B.2.	Usual Care for PTSD and Major Depression	224
6.B.3.	Remission Probabilities Following Three Months of Illness.....	227
6.B.4.	Treatment Cost Estimates Used in Model.....	230
6.B.5.	Ten Alternate Model Runs Using Baseline Parameter Assumptions and Status Quo Treatment Assumptions, Cohort of 50,000 E-5s.....	232
6.B.6.	Average Status Quo Costs Found in Ten Alternate Model Runs, Cohort of 50,000 E-5s	232
7.1.	Summary of Systems Providing Mental Health Services	254
7.2.	TRICARE Plans for Active Duty Servicemembers and Retired Servicemembers	255
7.3.	VA Outpatient PTSD Treatment Programs	265
7.4.	VA Inpatient PTSD Treatment Programs	266
7.5.	Summary of TBI Guidelines	320
7.B.1.	Size and Gender Mix of Focus Groups.....	331
7.C.1.	Level of Evidence for the Different PTSD Treatments	337
7.C.2.	Overview of 12-Week Acute Randomized, Controlled Treatment Studies in Patients with Post-Traumatic Stress Disorder Reporting Positive Effects on Quality of Life and Functional Measures.....	343
7.C.3.	Long-Term Studies of Pharmacotherapy for Post-Traumatic Stress Disorder...	344
7.C.4.	Pre-Post Effect Sizes for Measures of PTSD Symptoms	349
7.C.5.	Pre-Post Effect Sizes for Measures of Anxiety and Depression.....	350
7.C.6.	Effect Sizes at Follow-Up for PTSD Symptoms.....	351
7.C.7.	Effect Sizes at Follow-Up for Measures of Anxiety and Depression.....	351
7.C.8.	VA Guidelines Compared with the Literature on Evidence-Based Treatments for PTSD, ASR, and COPR.....	352
7.C.9.	Classification and Dosages for Antidepressants	364
7.C.10.	VA Guidelines Compared with the Literature on Evidence-Based Treatments for Depression.....	369
7.C.11.	Rancho Los Amigos Levels of Cognitive Functioning Scale	375
7.C.12.	TBI Treatment Recommendations and Supporting Evidence.....	379
7.C.13.	VA/DoD Guidelines for TBI Treatment.....	389
7.D.1.	Studies of Mental Health Services Utilization Among Servicemembers.....	391
